

I-QUEST PAGE FOR FILEHOLD WEBSITE

ANNOUNCEMENT: I-QUEST LTD ARE THE NEW DISTRIBUTOR AND SYSTEMS INTEGRATOR FOR FILEHOLD IN THE UK AND IRELAND

I-Quest has been providing Document and Records Management Solutions and Related Implementation and Consultancy Services in the UK and Europe for many years to a varied set of clients. We are focusing our experience and know how into promoting and building Filehold's presence and Market Share in the UK and Ireland.

The main areas of business for I-Quest and Filehold will initially be Finance, Media, Property, Legal and Local Government plus addition focus on all Project Management and Mergers & Acquisitions Projects which Filehold is ideal to support. I-Quest will be directly servicing the Professional Service Sectors and will work with Partners to service and expand other market sectors. If you are a potential partner please email: Partners@i-questltd.com for more information.

In addition to providing, implementing and supporting Filehold in the UK, I-Quest offer a range of complementary services including Strategy Consultancy, Project Management, Troubleshooting, Archive, and Knowledge Management, Collaboration, Digital Mail Room's, CRM, Conflict of Interest, plus Hosted Services, plus Systems Integration and New Technologies like Smart Mobile Device Applications. For more information go to our website @ www.i-questltd.com

Our team are well qualified people that work with our clients to achieve their goals on time and within budget plus we have an excellent relationship with Filehold in Canada enabling positive and effective solutions to be delivered to our clients. Quality and flexibility are the two key principles that have contributed to the success we are experiencing and these principles will continue to underpin our joint futures.

I-Quest was formed to provide high quality services to its clients enabling instant access to quality experienced knowledgeable Document Management people at all levels. You only have to ask our clients!!

Our clients are both Top Tier International Companies and Dynamic SME's, all of which are exploiting technology to enhance their services to clients, improve compliance and efficiency or are expanding the breadth and types of services they can supply. Our clients use IT to make a difference, which is the real benefit that Filehold delivers!!
